

Declaration

Congratulations to **Alberto van Klaveren Stork**, who has been a member of the Chile Pacific Foundation board of directors up until today, on his appointment as Minister of External Affairs. We wish best of success to Minister Van Klaveren, a close and long-time collaborator of our organization, and are certain he will carry out the high responsibilities assigned by the President of the Republic by drawing on his many years of service and as a remarkable international relations academic. We take this opportunity to renovate our commitment to supporting the efforts to advance Chile's integration into and engagement with the international community, as well as with the establishment of public-private bridges to move along the path of development.
